ENCLOSURE: Aerial photograph of Budenny Petroleum Refinery

REQUIREMENT RR/HTA/E/R2/57: Describe changes since World War II
in the Budenny Petroleum refinery.

REMARKS:

The Budenny Petroleum Refinery, located in the eastern section of Baku, is one of five refineries comprising the Waterfront Group. This group constitutes the largest petroleum refining development the USSR.

A comparison of [] photography with that of [] reveals only minor variations in tank storage and the arrangement of buildings in the main plant area. However, a shell still battery formerly located approximately 800 yards south of the main plant area has been dismantled. Likewise, several scattered crude products storage tanks south of the main plant have been removed.
